“Oh my God, you make the government look like idiots” were my first words to Frank after reading the first draft of Letters from Frank.

“I can’t believe you are not in jail!!!” “No, really Frank, if they wanted you to stop why haven’t you been arrested and shipped off to Guantanamo?” was made in disbelief.

I was Frank’s first employee in 1995, when he decide to incorporate fly fishing equipment with his original jewelry designs, channel setting patent and aircraft grade computer aided design services. He purchased \$8,000 worth of Hardy equipment as a window display so Helen would not realize he was going to use it to play.

Patrick Hemmingway was his first client and Hoagy B. Carmichael and Nick Lyons were regulars.

The hand engraved Wheatly fly box orders exploded after the page two (2) N.Y. Times Father’s Day advertising and Frank and Norman Ng flew to Homosassa, FL in search of giant Tarpon while Dave Sekeres, and I pushed engraver Edward Holownia to work through the weekends while we wrapped and shipped nationally.

Frank caught his Tarpon and all the skeptics discovered “the guy from New York” knew how to fish.

I enrolled in Cosmetology school and left in September 1996.

Frank moved to a big, beautiful office on Fifth Avenue and I would visit and work a few hours a week in 1998 and 1999, when I had free time. He taught me to fly-cast on the roof and I would take customers there to test rods. Ha-Ha, all the little fish had no idea what we were doing above them on Fifth Avenue.

I was cutting his hair in the vault when he told me the building was haunted and I realized why the place always felt oddly OFF.

Actor Anthony Quinn’s My Time watch assistant Wendy Whelen insisted on taking the stairs to and from the fourth floor and we later discovered some victims died in the elevator during the fire.

Frank is a stubborn ass and that is what people love and hate about him.

Anthony Quinn yelled at Frank during an exhibition in Toronto and he swept all the platinum, gold and diamond jewelry into his bag, shook his hand and walked out the door. I wanted to kick him in the rear end when Wendy told me Frank cancelled the project and all Anthony Quinn could say was “that Frank, that Frank!!!”

QVC offered Frank his own TV show, broadcast from the Fifth Avenue Haunted Mansion and everything was going great until QVC mentioned the Selection Committee. Frank cancelled the show.

What I could not understand at the time, being young and naïve was that it was not stubbornness, but integrity in his workmanship that stopped these endeavors.

Frank photographed my wedding in 2002 and he told me how he released the ghosts and about his letters to the White House, but it was not until 2015 that I discovered the extent of those Letters.

Frank would never have bothered to spend time with these warning if they were not important.

After reading Letters, I have actually begun taking interest in our government more now than ever before.

I, Miranda Freed-Laielli, artist, model and fashion savvy Lady am now interested in politics.

# Introduction

Russian President Vladimir Putin is a psychopath, as is my mother, and I intend to expose his past attempts and future intentions, and nullify his existence.

U.S. President George W. Bush would have been held “Hostage” in Moscow in May 2002 if the nuclear suitcase had been detonated in DC, and he was “Extorted” until October 2003 after telling his friend Vladimir Putin of the nuclear suitcase discovery.

“George has a psychic; George has a psychic” Putin’s psychics would exclaim.

Vladimir Putin is already exploring and plotting against our next president.

The NSA spying controversy will be squelched and global parity will be achieved upon release of the Videophone to see and speak with the dead.

Healthcare will receive intelligent diagnostic technology via the Videophone.

Politicians and Clergy will be forced to work together for the global good.

There is no place to hide.

I will introduce three amazing women that adore me to death, and push me to the brink every time an opportunity arises.

Francis James McNamara III is my given name and I was born in New York City on January 25, 1955.

My father died when I was one (1) and I retained McNamara when my mother remarried because I was the last McNamara. I informed Joseph D. LoMonte that my mother was a witch when I was five (5) but he married her anyway and never forgot; he had been warned.

I am of German, Italian and Irish decent and I tend to use their classic traits to their ultimate advantage.

German precision has always been a prerequisite. Firearms and Porsches lead me to Grumman and aircraft grade three dimensional solid modeling CAD/CAM to execute my jewelry designs.

The Roman is the passion. My diamond jewelry was designed “for where you are going, not where you have been.”

The Irish is the Blarney.

The Letters and events in the book are understated facts and there have been no additions, omissions, recreations or fabrications after the fact. The Freedom of Information Act is available to all.

The Letters included are scans of the originals without alteration, no matter how weird, personal, embarrassing or outrageous.

I had never been a letter writer, but a woman forced my hand with the words “I don’t have time. . .”

QVC’s CEO Doug Briggs received my first letter in early 1999.

“Doug Briggs is a BIG FISH and Frank McNamara is a BIG FISH FISHERMAN” was my opening line and two letters later I was offered a TV show, broadcast from my Fifth Avenue salon, Diamonds & Fly’s Ltd featuring my original designs.

“I will never understand that relationship has haunted me” opened my second letter to Hartmut Stauss on December 18, 1999 and one of three sitting on the floor independently rolled uphill.

Ingred Stauss, the final ingredient and catalyst was the subject of the letter that required a deft touch while presenting evidence accumulated over the past two years. Ingred force me to trust my ESP abilities. My interaction with the ghosts change and I gained their trust.

Ingred arrived in November 1996 and relieved me of all financial responsibility after I spelled her name incorrectly on her first check. We sold more Wheatly Hand Engraved Fly boxes via the Wall Street Journal for Christmas than all the Orvis USA stores and website combined. Ingred built Diamonds & Fly’s in May 1997 when she was twenty-one; she gave me a hug and walked out the door with a matching pair of high security crosscut Medeco keys that only the building owner could order from a licensed Medeco locksmith.

Ingred was never seen again and the keys are still in her possession.

Days after Ingred’ departure I discovered the basement unlock and decided to check for homeless people before locking the building. NON-THINGS started touching me the instant I stepped from the elevator and I FLED the building as quickly as humanly possible. That evening I discovered the building was haunted and McNamara’s don’t make “do-do” in their pants.

Monsignor Anthony Dalla Villa of St. Patrick’s Cathedral arrived to bless the building and an odd look appeared on his face when Tony, the handyman entered and said “Kawai said you can’t go in the basement, they have special Chinese blessings for the ghosts.” Monsignor refused my donation. . .

595 Fifth Avenue is a five story building on the north-east corner of 48<sup>th</sup> Street and the beginning of the high rent district, yet the ground, second and fifth floors remained unoccupied while I stopped paying rent on the fourth floor and offered to move from the Haunted Mansion.

Kawai Fong manages Blanc de Chine’s US real estate and retail jewelry and clothing for the Hong Kong parent corporation and she approved the rental to Ingred and me. Kawai Fong told me to stay.

Kawai Fong never asked for the rent, discouraged me from vacating and would look through me like a glass of water when I would inform her of an Anthony Quinn project, a QVC TV show or Lazare Kaplan International license.

Helen Titorenko McNamara, my statuesque Astoria born White Russian best friend and wife since 1975 would listen to my stories and send me back to the Haunted Mansion every morning. “Helen, my friends and customers won’t come in the building; have I become a pompous ass since moving to Fifth Avenue?” “No Frank, you are the same pompous ass you always have been” was my wife’s reply.

Thanks to Joseph LoMonte, I never quit. The Ingred and Key mystery, the Ghost mystery and the business mystery were simultaneous daily investigations I was intent on solving, even if it killed me.

Three nights a week I went to ice hockey practice with my son Gregory, the goalie.

Henry Dunay, Hammerman Bros and Turi Jewelry used my 3D Solid Modeling services and Lazare Kaplan International entered into a licensing agreement and began paying me royalty for my designs.

The Ingred mystery was solved with the December 18<sup>th</sup> letter, but THE KEY MYSTERY continued.

Kawai was informed that I would be leaving since Ingred was not returning and she suggested the end of February 2000.

The Ghosts were receptive and with my recently discovered ESP abilities I realized that over the years I had been absorbing their pain.

I spoke with paranormal researcher Hans Holzer (80) on February 18, 2000 at 11:00AM and he said “incident haunting, on one ever stays long enough to solve the problem.”

“Do you think they trust you?”

“What have you been telling them?”

“Yes, I have been telling them to look for God, look for the Light or go outside and hook a big client and I will hire someone to help you” was my reply.

“God doesn’t do that job and the Light doesn’t go anywhere. They need to look for their loved ones” was Hans reply.

Tony, the handyman appeared at 11:20AM and accidently gave me access to the basement despite Kawai’s recent instructions.

The first nine ghosts made me cry as they individually said “Thank you.”

The next two ghosts needed a bit more reassurance and I had the privilege of holding them in my hand. They were pure electrical energy and they gave me an overwhelming full body Thank you.

The final ghost would not take my hand and I went “one step beyond” the bounds of rational behavior to reunite him with his family. His name was Patrick and he was angry and sad because he missed his little girl. I returned to my office just before noon feeling as exhausted as the day my son was born with the knowledge of eternal life.

Tony, the handyman appeared at the door screaming “What did you do, what did you do? The air is so clear in the basement!!! What did you do?” David Schwartz, Lazare Kaplan’s production director came for a visit on Monday and said “Oh my God, the air is so clear.” I told David how I got the twelve ghosts to heaven and that I would be closing the office on Friday, February 25.

Gregory helped me pack and close the office during President’s Week and we met the building manager Michael Buffard in the lobby at 4:45PM, handed him the keys, said Goodbye and drove out NYC ahead of the rush hour traffic.

Barbara Mouk, publicist, was researching the fire at the NYC 42<sup>nd</sup> Street Library for an upcoming movie production we signed in January and called to inform me of the results. “Frank, I found the fire and I think you should go to the fax machine and take a seat, I am sending you the front page of the NY Times from February 26, 1969.” At 4:45PM on February 25<sup>th</sup> the fire began and there was a list of the twelve victims, one of whom happened to be Patrick.

Gregory and I departed 595 Fifth Avenue exactly thirty-one (31) years after the fire began and all the victims were reunited with their loved ones.

Thanks to Patrick I was still crying from the pain and sadness he imparted inside me and I was forced to come to terms with the absolute fact of eternal life and the knowledge that everyone is watching.

I had a garage full of computers, all of the jewelry from the store and enough rods and reels to outfit a Miramichi fishing lodge.

David Schwartz wants Victoria, a stunning design that I guaranteed I could execute in Titanium if he could arrange entry to a General Electric Aircraft plant. The centerpiece of my fly reel showcase was the Charlton Signature Series I.2 Titanium reel #SST – 0008 which was designed and manufactured by a former Boeing Aircraft subcontractor in Titanium.

David Schwartz was confident in my abilities because every major jewelry manufacture assures him “jewelry can never be designed on a computer.” He had recently informed me that he was solely responsible for blocking me from working with Tiffany & Co. with my channel setting patent #4,819,453 back in 1989 because I made the 15 stone Tiffany Barpin better than Tiffany.

I informed David of my ability to build a “Videophone to see and speak with the dead” and I offered him a deal he could not refuse. I agreed to make Victoria in titanium and give Lazare Kaplan an exclusive on a royalty basis and in return Maurice Tempelsman would provide an introduction with General Electric’s CEO Jack Welch in order to produce the videophone.

Lazare Kaplan International and General Electric had recently entered into the Belataire Diamond joint venture which heated and pressurized natural diamonds and drove oil from the stone to produce a more colorless diamond with a greater value.

David provided me with two Fort Wayne, IN subcontractors, a bag full of Belataire Diamonds and advanced payment from Belataire. I returned the morning of the International Jewelry Show at the Javits Convention Center and David took delivery of the Titanium & Diamond Jewelry after I photographed the collection on my granite countertop early on a Sunday morning in July 2000.

LKI and GE were impressed with my titanium designs and Robert Speisman, the head of LKI’s mounted diamond jewelry division and Maurice Tempelsman’ son-in-law direct David to negotiate a licensing agreement for the Victoria collection. Bob and I fought like brothers, and then we would laugh at each other and David would be stuck in the middle with the responsibility of completing the deal. My ponytail was always four to six inches longer than Bob’s and I never let him forget it.

“David, when are you going to setup the meeting with Jack Welch for the videophone?” was a recurring questions and David kept stalling and pressing me to accept the same agreement we had for gold and platinum mountings. The Victoria collection was too good for me to limit sales to diamonds and I asked David to include a line of Mikimoto Pearls in Victoria so I could make a living.

“How you make a living is not my concern” was David’s response just before he heard my line go click.

CVS Pharmacy had recently purchased Helen’s employer, Austin Drugs, and Helen asked me to be available to oversee our thirteen (13) year old son Gregory because the management position she was offered required travel in the five boroughs of NYC and the financial increase was significant. I remained independent and Gregory and I spent quality time together until he received his license and could escape.

William I. Aronwald Esq. was MSNBC’s legal analyst, former Federal Prosecutor for the Southern District of New York, a practicing attorney in White Plains and my parent’s attorney since 1977. General Electric was the parent company of NBC Broadcasting and I was hoping Bill could provide an introduction with Jack Welch. I explained the haunted building, freeing the ghosts, my ability to build a videophone to see and speak with the dead and the fact that people were calling me a “psychic.”

“I’ve known you’re a psychic since 1978” was Bill’s reply and then he told me he did not know Jack.

Fortune Magazine selected **Henry Ford** as Businessman of the Century and GE’s **Jack Welch** as Manager of the Century on November 1, 1999 and I considered that selection an asset, and I hand delivered my first letter to Jack at GE’s 30 Rockefeller Center offices on September 4, 2000. Jack knew exactly who left the letter and line 5 stated “I know the frequency to speak to the dimension which most people consider the dead, and the videophone is close at hand.”

I called GE’s executive offices on September 6<sup>th</sup> and one of Jack’s secretaries’ said “Mr. Welch received your letter a few minutes after you dropped it off and it is sitting on his desk. Very odd!” I faxed my September 21<sup>st</sup> letter to Jack’s/GE’s Fairfield, CT executive office and the opening line was “If you spent Saturday morning September 16<sup>th</sup> standing on your balcony, overlooking the Long Island Sound at approximately 7:00AM, then please be assured that I understand and respect your concerns.”

Monday’s voicemail included a message from heretofore unknown Rosanne Badowski, Jack’s personal assistant, requesting an outline of what would be discussed for the GE legal department, just in case the company is working on a parallel project.

I live/love to entertain my wife and this voice mail should get a greater reaction than the account balance in 1998, when I asked Helen to check and the computer said “your balance is \$562,000.00” and she nonchalantly turned to me and said “sold a big one, did you Frankie.”

Helen read the first line and her “DID YOU SEND THIS?” was met with a smile, then I heard “YOUR CRAZY!!!”

“THEY’RE CRAZIER THAN YOU!!!!” trailed off as she fled the basement after hearing the message.

“I can build a videophone to see and speak with the dead” was my complete and total response. I had no intention of letting that guppy steal my fly. Occasionally, I would cast in his direction and comment on the Honeywell deal that he eventually lost, or offer a gift for him to offer his wife, who he also lost. I caught him on Neil Cavuto’s show after the women in the hair salon convinced his wife to “dump the cheating bastard and take him for as much as you can get” and he appeared drunk. I informed Jack that “refraining from alcohol” is the best way to speak with the dead but it was too late.

Bob Speisman heard Jack Welch say “you put that psychic bastard on my ass” and it affected our final meeting on September 7, 2001.

I was in Lazare Kaplan’s conference room with David when Bob walked down the hall towards the kitchen, looked at me and smiled while he continued on his mission. We expected Bob to join us but, oddly he raced by with his head down and fled the office.

“David, let me catch Bob and take him out to lunch” were my words as we raced to the lobby, only to encounter Bob bursting back into the lobby. Bob’s chin hit his chest and he said “anything you need to say to me you say through David Schwartz” as he ran into his office.

My friend Bob was aboard Flight 77 when it crashed into the Pentagon on September 11, 2001.

Washington DC 20500

Mr. President:

Jack Welch (GE) would answer the following four questions if you were to ask him.

1. Do you believe Bob Speisman's crash, within walking distance of a man that shuns alcohol, is a coincidence?
2. Did you direct Ms. Roseanne Badowski to contact Frank, regarding a videophone? Who were you contacting?
3. Would you consider it cruel and unusual punishment to put Frank McNamara on Osama bin Laden' trail?
4. If Frank said, "someone had deliberately miss-marked a nuclear Cruise missile", would you have the Captains double check?

Bob Speisman is waiting to meet you in the Pentagon; no one died.

Osama bin Laden must be taken alive; or you let him off the hook.

I have the number of the missile, and the first letter of the ship.

Respectfully, I must inform you that my initial contact can only be with you.

Ten – four.

Frank McNamara

PS – You might ask Jack about Heaven, and please tell him his father said "Bravo."

Sending a letter to the President of the United States after September 11, 2001 is a stupid thing to do, but there are times we have no choice and it pertained to events for which I was completely prepared.

My October 3rd fax gave the President the heads-up necessary to intercept and view my letter before it was lost by the USPS or sent to the FBI.

My Express Mail letter spoke to the urgency of my message and exposed me to a criminal mail fraud arrest..

1. President George W. Bush was the man that overcame alcohol and proudly publicized his accomplishment.
2. Rosanne Badowski was Jack Welch's personal assistant and she contacted me in a feeble attempt to steal the blueprints for the videophone *to see and speak with the dead*.
3. Jack failed to consummate the Honeywell merger, he ruined his marriage and he was financially damaged by GE's stock devaluation after September 11, 2001. Jack Welch could have prevented 9-11 if his greed had not gotten the better of him.
4. If someone had mismarked a nuclear cruise missile it would probably skid along the ground and the nuclear devise would remain intact and be able to be used in the ultimate terrorist attack.

PS: I told Jack "in heaven men cannot hear the female voice; that is why they call it heaven."

## Diamond Executive, A Loving Family Man

By Jo Craven McGinty

STAFF WRITER

Robert Speisman of Irvington, whom friends described as a "wonderful father and very warm neighbor," was among the 64 people who died aboard American Airlines Flight 77 when it crashed into the Pentagon Tuesday at about 9:40 a.m. after being hijacked by terrorists.

"I'm thinking of how his daughters were out selling lemonade on the aqueduct that is between our houses," recalled neighbor Marguerite Peyser. "He was out there telling everybody how great his daughters' cookies were."

Speisman, 47, was among the 68 passengers, four flight attendants and two pilots who died in the crash.

He and his wife, Rena, had three daughters: Hayley, 11; Brittany, 16, and Tara, 18, a freshman at Georgetown University in Washington. He was senior vice president of sales for the diamond company Lazare Kaplan International, where his father-in-law, Maurice Tempelsman, the companion of the late Jacqueline Kennedy Onassis, was chairman of the board and his brother-in-law, Leon Tempelsman, was vice chairman and president.

"I guess one of my memories of him was how much he loved his family and his girls," said David Klassen, a friend. "He just had a daughter who went to Georgetown, and when I asked him about dropping her off, his whole body lit up with pride."

Speisman may have stopped in Washington on his way to Los Angeles to visit his oldest daughter.

In his community, Speisman coached youth soccer and was a regular on the basketball court in a

Robert Speisman

weekend league that he helped found.

"When you play basketball with someone for a decade at 6:30 in the morning on Sunday, you get to see someone's true character," Klassen said. "He was one of the most gentle, giving, caring people I've ever met."

In a prepared statement, the family said, "Bob was a wonderful husband and devoted father and son. His optimism and enthusiasm was both contagious and inspiring. Bob touched the lives of all those he met. He had an immense passion for basketball and will always be remembered as the incredible Coach Bob."

Speisman is not the first member of the Sunday morning basketball group to die tragically, Klassen said. Teammate Jack O'Hara was killed with his wife, Janet, and 13-year-old daughter, Caitlin, when TWA Flight 800 exploded over Long Island in 1996.

My Lazare Kaplan contract header and Bob Speisman's obituary were included as a secondary reference.

Bob Speisman was Maurice Tempelsman's son-in-law and he crashed into the Pentagon on September 11 as a passenger on Flight 77.

Maurice Tempelman, Lazare Kaplan CEO claim to fame is being known as the constant companion of the late Jacqueline Kennedy Onassis.

He was a Senator John F. Kennedy supporter and instrumental in the formation of the Strategic Material stockpiling program that was headed by his former attorney, Adele Stevenson.

He sold the United States industrial diamonds, valued for their ability to cut industrial materials.

President and Mrs. Clinton summer on Maurice's yacht in Martha's Vineyard and he was the most frequent flyer on Air Force One during the Clinton administrations.

Bob Speisman was Maurice Tempelsman's son-in-law and he crashed into the Pentagon on September 11 as a passenger on Flight 77.

George Bush asked Maurice "who is McNamara?" at a DC ceremony.

As seen in  
**The Wall Street Journal**  
1995 - 1998

My Wall Street Journal advertising ran from 1995 to 1998 on the upper right hand corner of page 3 and gave me worldwide recognition amount business leaders and politicians.

My photographer used my son's small box and my large box because we could not use clients' names without a release for national advertising.

Lazare Kaplan's management knew me from the Wall Street Journal, Jack Welch knew me from the Wall Street Journal and I was certain Governor George W. Bush would recognize my advertising.

Robert McNamara, former Ford "whiz kid", Secretary of Defense for President Kennedy and President of the World Bank also made my name extremely familiar.

My advertising provided another level of recognition and credibility.

Newsweek

April 4 issue - When NEWSWEEK last sat down with Jack Welch, in December 2000, he'd just picked Jeff Immelt as his successor, and the U.S. Supreme Court had just cemented George W. Bush's presidential victory. At one point, Welch interrupted the interview to take a call from the president-elect. In an interview this month, Welch told NEWSWEEK's Daniel McGinn what they discussed—and why he didn't think an affair would cost Suzy her job. Edited excerpts:

## U.S., Britain strike Afghanistan

KABUL, Afghanistan (AP) — Missiles and warplanes streaked through the Afghan night and rocked at least three cities in a U.S.-British attack on Osama bin Laden and his Taliban backers Sunday. Bin Laden and the Taliban's leader both survived, Taliban officials said. The strike began after nightfall Sunday in Kabul with five blasts followed by the sounds of anti-aircraft fire. Electricity was shut off throughout the city for more than two hours afterward. The attack also targeted the heart of the Taliban movement, hitting the military headquarters and home of Taliban leader Mullah Mohammed Omar in the southern city of Kandahar, according to Afghan sources reached by telephone from Islamabad, Pakistan.

## October 4, 2001 Annotation (4)

Published on April 4, 2005 – *The President on Line I* proves George Bush and Jack Welch had a relationship long before my October 4<sup>th</sup> letter and Jack Welch was a trusted advisor.

Did George Bush call Jack Welch on October 5<sup>th</sup>?

Did George Bush ask Jack Welch four questions?

Did Jack Welch tell George Bush he would have the captains' double check?

With seven British ships poised to augment our attack, all cruise missile firings quietly ceased and were never fired again.

I was certain I would get a visit but no one ever came.

Mr. President:

Ingred Stauss will not speak to me until I help the world evolve; so, I guess it is time we get to work.

Life is an ice-cube, until we go nuclear.

It's a solid, a liquid, a gas; it returns and the cycle starts all over again. Split the atom and you start with a nu clear slate.

Bob Speisman (liquid) is waiting to touch you, so you will know that no one dies.

Your life and your battle plans will very quickly change and you will realize exactly what Usama bin Laden represents. Until Bush learns?

You will relax; your family will relax; the American people will relax; the world will relax and we will bring order to the chaos we have caused. You will work from knowledge, and you will live without doubt.

Evolution will take an hour, in the Pentagon.

Revolution will split the atom and then we will know death.

What do you (we) have to loose?

Sincerely

Frank McNamara

Ingred Stauss built me a Fifth Avenue store, gave me a hug and walked out the door in 1997 with two matching high security keys and has never been seen or heard from again.

I unlocked the mystery of the keys eleven years later, in 2008.

Bob Speisman provided me with the personnel necessary to teach George Bush exactly how I collect data but George was not ready and he did have quite a bit on his plate that he believed was important.

Looking back, one might find it odd that someone would offer to teach you how to hold a soul in your hand; but we did watched the World Trade Center Towers fall on national television.

Mr. President:

Helen McNamara insisted I write this letter; despite her long standing claim that I am a "jerk."

Your fathers' friend has been shopping with the CCCP, and they are sending a gift that is sure to be a BANG.

2.3 million citizens will be blown-away by the generosity of your fathers' friend.

ETA is between Thanksgiving and Christmas. Unfortunately, that is all the information I am privy to, until you decide to evolve.

The evolutionary question is "Can a Bush become a Tree?"

Bob Speisman is waiting to meet you, and he will prove that no one died.

The interception point will then be given, before your gift goes BANG.

What's in it for me? A good nights sleep.

NO publicity and NO fee; and in the near future I will produce a videophone so you can call direct.

The videophone will be used for the good of ALL mankind and there will be NO compromise.

What soul loves you more than FEMA Joe???

Tomorrow is All Souls Day, and you are welcome to give a call.

Sincerely,

Frank McNamara

Helen McNamara has been keeping me out of trouble since 1975 and now I realize why.

There is a nuclear devise close to Washington D.C but I did not know the exact location.

September 11<sup>th</sup> attack placed intense scrutiny on everyone entering the country and that is working to our advantage.

Working directly with George Bush would have made life much easier for the entire country.

No visit or a phone call from anyone in law enforcement..

Mr. President:

Gregory McNamara (14) chose "stubborn" as the adjective to best describe Jack Welch' inability to play his role. Gregory is not thrilled with your performance thus far and agreed; you should know all the facts.

Mommar Kadafie purchased a Russian nuclear devise shortly after your election and smuggled it into this country in early June. It is located in the Washington DC vicinity and will be detonated during your State of the Union Address. He is still angry about his son.

If you permit me to introduce you to Bob Speisman, I am certain I will be provided with the exact location in a week or two. You type the address into Map Quest and it puts a star exactly where you need to go, even when the address does not exist. Yes, I have done this in the past. Once.

If you accept this invitation and information you will be obligated to help the world evolve for the balance of your Earthly life. Resignations are not accepted and the complaint department is unattended.

Since your life is scheduled to end fifteen minutes into the State of the Union, any day after that is a gift.

Are you starting to understand that they do not take NO for an answer, once you have accepted the part? Jack Welch' life changed dramatically when he ignored an appointment at St. Patrick's.

I will be available Tuesday, Wednesday and Thursday of next week. Monday is Hockey with Gregory, and we all know "Hockey is Life."

A hotel room near the Pentagon would be accepted, but as always, I get no fee and no publicity.

Life's a bitch, until you know you don't die; then you can sit back and be nice.

Sincerely,

Frank McNamara

## November I, 200I Annotation

Gregory is my son and at the age of fourteen he reviewed every letter written because we need George to understand what he was reading.

I tell George there is a Russian nuclear devise near Washington D.C., compliments of Momar Kaddafi and no one from law enforcement pays me a visit.

I am a child of the 60's and we grew-up in a duck-n-cover world and assured mutual destruction environment.

I awoke from something more than a dream when I was 12 or 13, knowing there was a nuclear explosion in Washington D.C., oddly, the city had not been destroyed.

It was not until this November 9<sup>th</sup> letter that I realized the significance of the dream.

During the summer of 2011, while waiting for Joe Castrianni of JC Framemaster of New Hyde Park, NY to complete framing my photo I began speaking with Ron Krowne from Krowne Photography of Great Neck, NY.

Mr. Krowne recounted how, while touring Spain during the summer of 2001 they made a day trip to Morocco, where two retired NYPD Detectives on the tour were told by local residents/merchants they encountered that there would be a major attack in the United States.

Morocco is 1,200 miles from Tripoli, Libya and on the same continent while Kabul, Afghanistan is 5,700 miles Morocco.

Were the Moroccans speaking about Kaddafi's plan or Usama Bin Laden's 9/11 attack?

Mr. President:

Bob Speisman and I had a nice visit on December 30<sup>th</sup> and then Bob taught 132 souls how to go to Heaven.

Abe was suppose to get your attention...

Dinner at Jean Michel in Bethesda, MD on January 29<sup>th</sup> was not great, but it was better than watching you blow-up. I did not know until the 28<sup>th</sup> that this game was called You Bet Your Life.

Bob is still waiting in the Pentagon.

Mo's detonation expert has still not gotten into the country, but eventually he will.

The Videophone will permit you to speak directly, so you do not have to depend on me.

NO, God is not doing an interview. He is probably playing Golf.

The script calls for an American President to help the world evolve. If you continue to refuse, they will write you out with a ~~stroke~~. Thirty years in a wheel chair does not sound like fun to me.

Jack?

I keep my job because I do exactly as I am told; but I work at the pleasure of Ingrid Karen Stauss.

Lovely weather we are having in New York; don't you think?

Relax, you will enjoy the fishing scene.

Bob Speisman knew I helped souls that die in fires and explosions get to heaven but we never had time for him to hear the whole story. I stopped an SUV from Michigan for final directions and a beautiful blond woman said "make a right". I arrived at the Pentagon at about 10:00PM and was able to stand on the hill overlooking the impact site and speak to Bob and a few of his companions.

He told them a "bastard with a long ponytail" would come to get them out and I had no intention of disappointing Bob. Bob has always been jealous of my ponytail. I purchased gas on New York Avenue to prove I was there.

The 2002 State of the Union address was tense in Washington D.C. but I knew the nuclear devise would not detonate.

Davia and Ira Kramer of the Maryland Diamond Exchange joined me for dinner at Jean Michel French Restaurant and our waitress was an attractive young blond lady named McNamara.

If beautiful blonds are a sign, who am I to complain.

Mr. President:

President Lincoln needs to get to Heaven, you need to help the world evolve and it is time for me to teach what I was taught. Please invite President Lincoln into the Pretzel room. Aloud.

February 18, 2000 was the day I released 12 Souls from a 5<sup>th</sup> Avenue building and today being President's Day, February 18<sup>th</sup> is no coincidence. Ten (10) minutes after I received the final information the Souls began to leave, but I did have three (3) years to gain their trust, thanks to Ingrid Strauss. I have been privileged to help 338, to date.

Fainting is not uncommon when someone sees a Ghost. I fled the jewelry store and left the doors unlocked.

President Lincoln knows he is not dead. He agreed to stay until the right man came along and told him the phrase he needs to hear.

"Please, look for your loved ones" is the phrase he has been waiting to hear for YOU.

If he needs to touch you to gain some energy for his jump, please offer him your hand. He will not hurt you and he will not come in.

When he gets to Heaven he will say Thank You.

Then you will start to understand this mess is not as great as you believe.

Welcome to the world where no one has the power to kill.

Happy President's Day.

Frank McNamara

The following day I caught his speech from Michigan on CNN and he never swallowed hard or took a sip of water.

Manhasset Hills is a neighborhood of million dollar homes where no one ever parks in the street, but I would frequently observe a single vehicle parked on East Lane for a few hours every day for a few months.

Two people just sitting there looking directly at our house.

Express mail, faxes, nuclear devises and trips to Washington DC without being questioned is odd in that post 9-11 climate.

I know they attached a GPS to my car with the hopes I would begin purchasing material for the construction of the videophone.

MSNBC, CNN and FOX had the trailer running across the bottom of the screen with the Terror Alert Level and \$25 million for Anti-terrorist information – The Patriot Act.

Does my October 4<sup>th</sup> information qualify under the Patriot Act?

#### Rewards for Justice Program

The Rewards for Justice Program is one of the most valuable US Government assets in the fight against international terrorism. Established by the 1984 Act To Combat International Terrorism—Public Law 98-533—the Program is administered by the US Department of State's Bureau of Diplomatic Security.

Under the Program, The Secretary of State may offer rewards of up to \$5 million for information that prevents or favorably resolves acts of international terrorism against US persons or property worldwide. Rewards may also be paid for information leading to the arrest or conviction of terrorists attempting, committing, and conspiring to commit—or aiding and abetting in the commission of—such acts.

The USA Patriot Act of 2001 authorizes the Secretary to offer or pay rewards of greater than \$5 million if he determines that a greater amount is necessary to combat terrorism or to defend the United States against terrorist acts. Secretary Powell has authorized a reward of up to \$25 million for the information leading to the capture of Usama Bin Ladin and other key al-Qaida leaders.

In November 2002, the State and Treasury Departments announced a \$5 million rewards program that will pay for information leading to the disruption of any terrorism financing operation.

Diplomatic Security has fully supported the efforts of the private business sector and citizens to establish a Rewards for Justice fund, a nongovernmental, nonprofit 501 C (3) charitable organization administered by a group of private US citizens. One hundred percent of all donated funds will be used to supplement reward payments only. Diplomatic Security has forged a strong relationship with the private business and US citizen representatives of the Rewards for Justice Fund. Diplomatic Security has embarked on a much closer relationship with the US public and private businesses in the US Government's continuing efforts to bring those individuals responsible for the planning of the September 11 attacks to justice and to prevent future international terrorist attacks against the United States at home or abroad.

Since its inception, the Rewards for Justice Program has been very effective. In the past seven years, the Secretary of State has authorized payments for more than \$52 million to 33 people who provided credible information that put terrorists behind bars or prevented acts of international terrorism worldwide. The program played a significant role in the arrest of international terrorist Ramzi Yousef, who was convicted in the 1993 bombing of the World Trade Center and most recently in the efforts to locate Uday and Qusay Hussein.

## US SENATE APPROVES MOSCOW TREATY, MARCH 6

**Note:** the Strategic Offensive Reductions Treaty - known as the SORT or Moscow Treaty - was signed by Russian President Vladimir Putin and US President George W. Bush in Moscow on May 24, 2003. It specifies the reduction of operationally-deployed strategic nuclear warheads to a range of 2,200-1,700 per side by 2012. The Treaty was approved by the US Senate Foreign Relations Committee on February 5, and by the full Senate on March 6 by a vote of 95 to 0. Two proposed amendments to the adoption resolution were defeated: the first, requiring Senate approval of any US decision to withdraw from the treaty, by 50 votes to 44; the second, requiring annual reports to the Senate on treaty compliance, by 50 votes to 45.

Anti-terrorist services rendered May 17, 2002. A Rose.

A Rose from the White House Rose Garden, picked by Ingrid Karen Stauss, in my presence on June 28, 2002 at 10:00AM. Please ask Hartmut Stauss's (1-203-746-4883) permission for Ingrid to attend.

Money has never been the issue; it's always been *the Heart*.

Thank you,

Frank McNamara

Ingrid Stauss and I were always at odds over the Head or the Heart.

Ingrid would yell at me for “wearing my heart on my sleeve” and I would always recommend she stop over thinking every situation and follow her heart.

George W's agenda does not coincide with what is best for the country or all the kids, but I have no intention of quitting.

Lucky I have a thick Irish skull.

Mr. President:

Kawai Fong will tell you, "no one cleans like Frank."

Helen chooses the artillery, Kawai determines the charge and Ingrid says, "get in"; sights the target; smiles at Helen and Kawai and shoots me at the mess. A helmet was my partner gift; it shortens reload time.

Your mother, your wife, Mrs. Chaney and Ms. Rice may collectively interrogate me. Blair House reduces the odds of ambush.

California Psychos being interviewed by the FBI is grasping-at-straws. June 8<sup>th</sup> Claremont report was to let you know; I know. You need to speak directly.

U.S. Patent 4,819,453 says "Frank has the instructions for a video phone."

Helen, Ingrid and Kawai would like their check and Ingrid deserves a Rose.

I get you as a student. *Oh joy!* India/Pakistan is the first course.

Bob Speisman wants to see his daughter because she thinks his death was her fault.

Ingrid might speak of Birdie-cam and Usama in 20 days, if you are the President that was meant to use his heart and help the world evolve.

George — you were given the election to clean up your father's mess; with a new set of tools.

June 28<sup>th</sup> appears to be your deadline.

Frank McNamara

Kawai Fong was the third and final woman to enter my life.

Kawai provided the Fifth Avenue building where I conducted my research and she was kind enough to charge tuition to attend 595 Fifth Avenue University.

Helen, Ingrid and Kawai push me beyond all mortal bounds and they did it with a smile.

While one great woman is normally enough, I required three.

Mr. President:

President Chaney will call me on August 9<sup>th</sup>.

The stroke I mentioned in a previous letter will be your final scene.

In October, I started saying "I see summer school" and Gregory assured me he was doing fine in Algebra. April's report card contained an E. A tutor was hired and my wife relearned Algebra and studied with my son. I broke everyone's chops. Gregory passed with a D.

I went to summer school in 1970 and this year I proved the script can be changed. Algebra.

Bob Speisman is still waiting patiently in the Pentagon and you are being offered one final opportunity to change your fate.

Your cronies will remain employed and the military will definitely stand.

I will be available to you until midnight August 7<sup>th</sup>, should you decide to use your heart.

If you refuse, President Chaney and I will call you on the videophone in February 2003, and you will be asked to comment on our President's full head of hair.

Sit back, relax and remember the days when "God Bless America" rolled from the tongue.

Independence Day????????????????

I do not enjoy accessing penalty fees, but, you never leave me a choice.

I do not enjoy the work, we are not desperate for money and I do not need publicity, so, if returning my receipt on May 17th was some sort-of-test, then, I guess I passed, again.

I do not doubt for a second, that President Chaney will pay Helen, Ingred and Kawai on September 9th if you wimp-out.

I do wish you would permit me to teach you to live without doubt, so you can effectively do your job.

I do believe you will deprive Chaney of his hair, but it is always necessary to have a backup plan. Free will; you understand.

See you soon.

**Bush promises consultations on Iraq**

President: 'There are real threats'

August 7, 2002 Posted: 1:03 PM EDT (1703 GMT)

MADISON, Mississippi (Reuters) - President Bush Wednesday promised to be patient and consult with Congress and U.S. allies over how to deal with Iraq.

Amid increasing reports the United States is developing war plans to topple Saddam Hussein, Bush said Iraq represented a real threat. The United States has accused Iraq of developing weapons of mass destruction and supporting terrorism.

"It's important for my fellow citizens to know that as we see threats evolving, we will deal with them," Bush said.

"These are real threats and we owe it to our children to deal with these threats. I promise you that I will be patient and deliberate, that we will continue to consult with Congress, and, of course, we'll consult with our friends and allies. We'll discuss these threats in real terms," Bush said in a speech at Madison High School in Mississippi.

Mr. President:

Vice-President Chaney' elusive hairstyle forced your reprieve; patience with Iraq won your father a reprieve.

Saddam Hussein can detonate the device anytime he wants, and I have a feeling time is running out for the souls in Iraq. Without Americans there, it will really look like US.

Knowledge is the next virtue they must bestow and to that end I must refer you to the last 5 minutes of the movie Ghost. I must let Bob in; so he can give his girls a hug. That is what I do. That is how I know. That is why they trust me. The first time I was willing to die.

President Lincoln will do the same FOR you; then you will know that we do not die.

Knowledge and guts from a truly great Republican is exactly what you need to help the world evolve.

Killing them with kindness is easy, when you are three steps ahead. Teaching them will require a second term, a plane and a machine.

The Russians, the gas lines and the souls in Iraq are all good reasons to make a leap-of-faith, but the best reason is; you have nothing to loose.

You should really give Dick Chaney a kiss on the head.

See you soon.

Mr. President:

Prince Ban Dar should not have been told at 12:58 PM-ET. His first reaction was "these Americans are not as dumb as they look." Later that day he had a scary thought "could this be the American cover story; am I being setup?"

Saddam Hussein and Vladimir Putin already know, and they are considering an earlier date. Prior to our arrival they will decide is best.

Patience means never playing your Ace until you can garner the maximum amount of points.

Knowledge, the virtue you resist, enables you to relax until your Ace can produce the desired effect.

Befuddled, I do not believe is the look you are attempting to achieve.

Bob Speisman is still waiting patiently.

President Lincoln will provide the knowledge you desperately need to know.

Helen, Ingrid and Kawai are, not so patiently, screaming for their check.

Ingrid in the Rose Garden, with the entire tax-free check, is what I expect when I arrive.

Knowledge, Novembers attack and a world record Bonefish for your father will be supplied at no charge.

I'm here to teach; I don't need a job. Teaching people to release souls and build a machine is the work I enjoy the most. Fishing would be nice.

Relax.

Frank

August 30, 2002 Annotation

Prince Ban Dar's reaction was to George telling him there was a warhead in Bagdad.

He initially accepted it as true and then began wondering if it would be a cover story for the nuking of Bagdad and Saddam.

"Befuddled, I do not believe is the look you are attempting to achieve" I thought captured the essence of George at the podium speaking about Saddam and Iraq.

George is still afraid to meet the White House ghost that caused him to faint.

"Bob Speisman is still waiting patiently" for the third time.

#### Language & Politics

Some thoughtful thoughts about our fearless leader and his lack of language, and what that says, by Joseph Duemer

Not sure if my recent discussions with Chris Robinson fit into this discussion or not, but here's what we've been chewing on. What's pretty clear is that understanding the way that language works—in a sort of feedback loop with physical reality—is crucial to philosophy, ethics, education, politics & . . . everything. In the US right now we have a political leader who has no effective relationship to language at all & I'd want to argue that our political discourse has become blunted & vulgar as a result:

"I'm a patient man. And when I say I'm a patient man, I mean I'm a patient man. Nothing he [Saddam Hussein] has done has convinced me—I'm confident the Secretary of Defense—that he is the kind of fellow that is willing to forgo weapons of mass destruction, is willing to be a peaceful neighbor, that is—will honor the people—the Iraqi people of all stripes, will—values human life. He hasn't convinced me, nor has he convinced my administration."—Crawford, Texas, Aug. 21, 2002 [noted by Jacob Weisberg, creator of Bushisms]. [\[read more\]](#)

## 'Bring it down' was about a car, students' lawyer says

September 15, 2002 Posted: 8:49 PM EDT (0049 GMT)

From left: Kambiz Butt, Ayman Gheith and Omer Choudhary

MIAMI, Florida (CNN) -- A car, not a building, was what three Muslim medical students were talking about "bringing down" in a restaurant conversation that triggered the daylong closure of a Florida highway, lawyers for the students said Sunday.

"Our conversation at Shoney's had nothing to do with terrorism or 9/11 or 9/13," said Kambiz Butt, one of the three students. "We were basically sitting down having a regular conversation about our trip, the experience we were about to face in Miami, we were talking about school and friends."

Dick Lord said "Frank, you always have a choice" and Charles Darwin said "a species will evolve or it will become extinct."

A Middle Eastern grandmother pushing two young boys (1 & 2) just stopped to say "hello."

I know precisely for whom I work and exactly what they want. Evolution, food and sex.

Friday the 13<sup>th</sup> was notice from my clients. They will not be denied.

The Good Book says "with a natural Royal Flush you may bet with your Head and your Heart and you may ask to see the Presidents cards." I can't believe my eyes! Ace, King, Queen, Jack and Ten of Hearts. Time to bet the Ranch.

Monday, September 23, 2002 is the perfect day to unleash a Royal Flush.

Inviting me to teach you the finer points of the game would be a graceful way to end this hand. A gentleman is always offered a rematch after he re-learns the game. It's the evolved thing to do. Withdrawing - when you have come so far. A choice. A waste.

Richard Nixon signed me a long time ago and "I want to make this perfectly clear."

New York Senator Hillary Rodham Clinton is waiting for your chair.

Please don't leave the game!!!!

There are letters I would like to delete but they are in the fax log and in the possession of the White House and must be presented "as is."

There were a lot of angry people that did not want to go into Iraq and I must have been picking up their thoughts and feeling.

It's all just one really, really big coincidence.

Gregory said I would not call you an "asshole" and my son, and you, should know and always remember never to call the bluff of a man who plays-it absolutely straight.

I teach my son to play-it absolutely straight and he knows; I have been as patient with you as I am with him. He also knows I am not adverse to kicking him in the ass.

You refuse to believe your eyes, and trust your heart. Your grade is F. You are an "asshole" for refusing to take the test. Abe would have given you an A. Your transcripts are confidential. Secretary of State Powell will explain. He is the gentleman on your right.

Mr. Mayor:

Jewish people pay me in advance; they pay me royalty; they run and hide in their cubical; they crash into the Pentagon,,,, and still they send my check. David Schwartz and Leon Tempelsman cannot say I lie.

Marcia Meznick complimented me with "Frank, you have a head like a Jew."

Robert Morgenthau might refer you to Hartmut Stauss.

Detective John Flannery can tell you what I do. (NYPD – retired 12/00?)

George Bush is now playing politics with his war, and he needs another attack to keep our attention from the economy. He said I was a nut,,,, but he knows my name. Duh????

A three (3) year traffic jam in the city of my birth, is not my idea of fun.

I will be near the WTC on November 19<sup>th</sup> at noon with cell phone #1-516-526-9517, if you wish to meet.

I will introduce you to the people that most claim are dead, and if you wish to pursue the subject further, I will tell you how and where and when.

I never promise what I can not deliver; and I never lie.

Is there something you should know?

## November 16, 2002 Annotation

Hartmut Stauss and his daughter Ingrid prepared me for this White House letter writing campaign by having me arrested by Detective John Flannery for harassment.

Gregory sent Ingrid a letter in July 2000, asking her to meet Helen and discuss any problems I might have caused and arrive at a resolution. Ingrid did not meet Helen, but witnessed her arrival and the following weekend Ingrid informed her parents of Helen's attempt to meet and requested permission to meet with Helen.

NYPD Detective John Flannery called on Tuesday and asked me to come to an uptown precinct to be arrested for harassment. John stood on the steps and cried when I let his father take his hand and asked "can you tell us where Mrs. Silverman's body is, it would be a feather in our cap." Ingrid's plan was simple; I would plead "No Guilty" and have her take the stand and read a poem written years before. She would leave with me to the total embarrassment of her father and his friend Robert Morgenthau, who chose ADA S. Vinet Bryant to put the screws to me after John Flannery, told her I was not guilty. ADA Bryant was requesting three (3) days community service.

John arrested me again on December 18, 2000 for contacting Ingrid via email, and then we discovered it was Helen.

Leonard DePeola, Hartmut's attorney was informed in May 2001 that I could not embarrassment Hartmut and would be accepting community service after almost a year of monthly visits to 100 Center Street and a through education in Harassment.

Steam blew from ADA S. Vinet Bryant's ears when I said "this is not an email; this is from my Buddy List" after finalizing a community service deal that took me back to all the neighborhoods I knew as a boy growing up in Queens, NY.

Now we know it was preparation for Letters from Frank.

## Airliners and the missile threat

By Joe Havely  
CNN

Wednesday, August 13, 2003 Posted: 6:52 AM EDT (1052 GMT)

**(CNN) – The danger posed to commercial aircraft from shoulder-launched missiles was highlighted in November 2002 when terrorists tried to shoot down an Israeli plane taking holiday-makers from Mombassa airport, Kenya.**

But the danger has been there as long as the missiles have been in existence.

November 29, 2002 Annotation (2)

I faxed my Stinger missile and EL AL jet data to Mayor Bloomberg on November 29<sup>th</sup> and shortly thereafter I received a call from the NYPD:

Detective: This is detective so and so; HOW DO YOU KNOW? HOW DO YOU KNOW?

Detective: My captain will call you back tomorrow.

No one ever called.

I'm not Western Union; my bark is not worse than my bite and I am required to be nice.

Had you spoken to George you would have known that only you may call. I teach the ultimate authority, they teach their staff. Please instruct the police not to call, again.

My family and I will teach the Bloomberg family that we do not die and how to ascertain the information you require, on your own. I don't need to know. I don't want to know.

Friday, December 13 is the perfect day to meet,,, Gregory's hockey schedule is clear. Four o'clock at City Hall. Inside the World Trade Center site until six. Bodyguard - OK. Shabbat is clear.

We have five days to prepare.

Wednesday, December 18 is the day your family and my family arrive at the World Trade Center site.

We are going to teach 1832 souls to float. They will then keep an eye out for you and their families. Inviting victim's families would be very nice since my gift is "letting them in to give a reassuring hug." My wife Helen said to me "the ghosts leave because you're short."

Monday, December 30 is when the work will be complete.

I have not accepted any terrorist information since May,,, when I began warning George of a November NYC attack. I could,,, but then I would be doing your job.

Respectfully, I must inform you that this is a "take it or leave it deal."

I'll make you laugh, they'll make you cry (joy) and you will be impressed at how brave you can be. Your position as Mayor of NYC certifies you as crazier than me.

Happy New Year's to all ???

Mr. President:

returned the receipt because someone had to be nice to you.

Dawn will bring a two page fax from me.

The french will be green with envy and Saddam. Saddam who???

Your the grape, being squeezed.

Relax, please.

Frank

The only Commandment - Thou shalt not be a pompous ass.

March 11, 2003 Annotation

“The French will be green with envy” is a phrase that must be remembered.

President George H. W. Bush was invited into Kuwait to force Saddam from their country and the campaign was extremely successful, the Iraqi army was pushed deep inside their country and Saddam kept his mouth shut.

The economy dipped shortly before the election and President Bush was not re-elected.

Karl Rove brought this fact to George W’s attention and told him:

“If you invade Iraq and stay there, the economy will remain strong and you will be re-elected.”

“Then you can say, I was elected twice while you were only elected once.”

Duke and Duke bet \$1.00 in Trading Places and George W. bet your kids.

Mr. President:

Harry S. Truman asked science to open Pandora's Box.

George W. Bush can ask science to clean up the mess and send it to the Sun.

One year on Earth is only one day in eternity.

God should be thought of as the author. Since the Flood he doesn't get too involved.

The Saints should be thought of as the screenwriters. They work for God.

Our departed loved ones are our personal Directors. They work for the Saints.

We are all actors with a choice in every scene. That is your grandfather screaming at you.

That is the chain-of-command. That is why I have never called you.

You got the lead after a two-year casting call. You showed-up everyday to read for the same part. Both Barbara Bush's will confirm "the pain-in-the-ass gets the lead."

The Barbara Bush Rose is eternal payment for what they knew they would be forced to endure.

The Devil is a teacher with a test. If you pass, you might become a Saint. If you fail, you become a French waiter in McDonalds – Paris.

Psychics must be disposed of, because they postpone people from making a choice. That is why we are being given a videophone.

Ghosts are just souls that forgot how to float.

The Scene

Dads out playing Golf and the kids have found his keys. Some of them are drinking his liquor while the others are playing with his guns. Two assholes have taken the matches and a can of gasoline. You have just returned from college and you are the eldest son. Screaming has only increased the tension because they love to break your chops.

Do you kill them all, or do you patiently reason with them, one-by-one.

## March 11, 2003 Annotation

President George W. Bush was more concerned about his place in history than he was about the safety of your children and the economic wellbeing of our country.

The Road Map for Peace was the directions for disaster and the Iraq War will heretofore be known as George's folly.

On the bright side, President George W. Bush forced a quantum leap in the advancement of prosthetics.

Remember – you were a kid not that long ago; so you should be able to anticipate their every move. Ultimately you will have to answer to Dad.

Dad will have to answer to mom because he was not supposed to be playing golf.

Dad needs you to save his rear end.

Saturday was fun. Donald made a stupid suggestion and you wrinkled your nose. I don't remember hearing you say "No." I fax. Donald say "We can't even talk about the..."

A similar event transpired in Baghdad. Early 9/02. Saddam and the boys thought the Thriller-in-Manila might be a lot fun. Don King and pay-per-view. Your youth and conditioning is why they offered you a duel.

If Donald were to contact Terik Aziz and mention Thriller-in-Manila, he would confirm. When Saddam finds out, he will realize his psychic has a counterpart.

Your Grandfather tells my father, and my father tells me. There is absolutely, positively, and without question; always someone watching that can rat-you-out.

A videophone would provide answers to questions like "Did Saddam place a dirty nuke on well 33?" Its too much work for me.

Stephen Hawking would confirm my equations for "Nukes to the Sun."

Ronald Reagan used "Trust but verify" to push the Russians off the edge.

Ronald Reagan and Sydney Omarr forced you to keep me off everyone's radar screen.

North Korea has silenced Hillary. You should send him a Thank You note.

For the UN, you need a hook; you don't need to win. They need to feel the point.

For Saddam you need a hook and a videophone. The military is your big stick.

You need proof you are a psychic so you can trust your heart, and live without doubt.

You need proof that no-one dies unless exploded be a Nuke.

You need to cross the line. It's a hell-of-a-lot easier then dealing with all those nuts.

Hell is being in Heaven with everyone knowing you did not do your job.

If I'm coning you, you will be the best con man the world has ever seen.

Mothers will name their sons George.

## March 14, 2003 Annotation

George has invaded Iraq and I was grabbing at straws in an attempt to get him to pull back.

William Clay Ford had been invited to cast his Scott Rods on the roof of my Fifth Avenue store with NBC's Matt Laure, SDRC CEO William Weyand and me shortly after the Ford Motor Company chose SDRC as their exclusive design and manufacturing CAD/CAM software in 1998.

I began designing jewelry with SDRC in 1988 and I sold Scott Fly Rods in my shop.

NBC and SDRC would make themselves available around Bill Ford's schedule if possible and Bill Ford was invited and given a pair of hand engraved cufflinks.

A month of silence brought the situation to a head and I called the office and Anne Kittle said "Mr. Ford is still trying to arrange his schedule."

I sent a fax telling him he was not appropriate for my shop and asked him to return the cufflinks.

They were returned with a short note wishing me luck.

I have the cufflinks and the note went in the trash.

Short, cryptic Letters are direct transmissions from my associates spying from above.

Bagdad did not see a full scale invasion because George knew there was suitcase bomb found in Virginia and it was entirely possible that like Mo, Saddam had also a surplus Soviet nuclear device.

Shortly after my April 5 letter, an Iraqi general was captured with his "phone book" and Saddam was called and told Bagdad would not be invaded until the nuclear devise had been secured.

Saddam made a deal and he was secretly taken into custody.

Standard Operation Procedure dictates a "rat hole" be cleared with a grenade prior to troops entering, but, on December 13, 2003 Saddam was captured in a "rat hole" in a dazed state.

Saddam was drugged and put into the "rat hole" and his capture was staged.

Saddam became "defiant" a few days after being in custody when the drugs cleared his system.

Former New York City Assistant District Attorney Anthony Battisti has been maintaining a copy of my file since the second or third letter the White House received from me.

Upon viewing my first three letters and realizing I had sent them he said “are you telling me you did not get a visit??? No wonder their flying planes into the World Trade Center.”

I called Anthony Battisti shortly after the US invaded Iraq and began the Royal Flush campaign and asked “didn’t I write the “Royal Flush”?

He confirmed my memory and added “maybe they use your words to let you know: keep up the good work.”

Let’s recap:

- 1. Cruise missiles into Afghanistan...
- 2. Connect the Dots...
- 3. Nuclear suitcase in DC...
- 4. Patients...
- 5. They did not die in vain...
- 6. Stinger missile and El Al Jet...

## Thailand seizes 'dirty bomb' material

REUTERS

Alerted by U.S. investigators, undercover Thai police on Friday arrested a man selling radioactive material that can be used to make a so-called dirty bomb.

**OFFICERS ARRESTED** Narong Penanum, 44, in the parking lot of a Bangkok hotel after he offered to sell agents a metal container that he said contained uranium, police Col. Prit Pritsak said. Narong expected to be paid \$240,000.

An analysis of the material by the Office of the Atomic Energy for Peace later revealed it was not uranium but cesium-137, which has a number of medical and industrial applications and can be used in a bomb designed to spread radioactive material over a wide area.

"It could be deadly if it got into the hands of terrorists. We have heard reports that terrorists were planning attacks on embassies in Thailand," Deputy National Police Chief Sombat Amerosivat told Reuters.

Officials said the suspect had confessed to smuggling the cesium from neighboring Laos and claimed his sources have more. They said it was believed to have originated in Russia.

Narong was charged with illegal possession of nuclear materials, punishable by up to one year in prison and a fine of \$240.

The investigation was initiated by the U.S. Customs Service, whose agents were present during the arrest, said a U.S. Embassy spokesman, on customary condition of anonymity.

### MUSLIM MILITANTS PLOT ATTACKS

The arrest comes after Cambodia charged a fourth suspected Muslim militant on Thursday and police in Thailand said they were hunting for a man they believe to be the bomb-maker for a cell of Muslim militants plotting attacks on embassies and beach resorts.

A U.S. customs official in Bangkok told reporters undercover agents had tipped off U.S. authorities that there would be sales of radioactive material in Thailand to militants.

"It is obvious that this person wanted to sell the substance to terrorists for sabotage in Thailand," an embassy translator quoted him as saying.

"This substance alone could be combined with other substances to create an explosion and it could spread radioactivity."

Mr. Mayor:

George W. thought he was conversing with God until he received a fax in April, informing him that it was Grandpa W.

Dotson commits a seemingly "perfect murder" and then confesses because of a voice.

Voices that tell you to kill and do other stupid things are *hecklers in the crowd*.

Unlike George W. and Dotson, before I act on any information, I conduct an "ethics test."

I do only what is "best for the kids." Almost everyone has been a kid. It's the LCD.

Will the children of New York get paid ~IF~ George W. gets the "Royal Flush"? NO!

Will everyone be nicer ~IF~ we remove the hecklers from the crowd? YES! A Buffer thing.

Will crime be drastically affected ~IF~ we can interview witnesses via a videophone? YES!

Will recidivism drastically diminish ~IF~ they know, they will definitely be caught? YES!

You just saved a billion and made NY a happier place. Tourist? Jobs? Food? Disease?

Nukes? It definitely comes in handy when asking, "Where is the nuke?"

Tip of the iceberg.

This is Heaven, and the only two things you need a body for are "food & sex."

Take away death and replace it with food and sex!!! Would that be best for the kids?

Respectfully, I must inform you, the hecklers have found City Hall.

Luckily, I make house calls ~IF~ I am being asked to do what is "best for the kids."

12 Souls – A True Fifth Avenue Haunting will open in two years, ~IF~ you prefer to wait.

I knew something was cooking, but I am not getting any definite instructions except to fill the freezer.

I have been taking care of maintenance and shopping since I stopped working in 2000 and my wife and I have always shopped day-by-day, depending on Gregory's hockey schedule or any other events his highness may need to be chauffeured to.

When the August 14<sup>th</sup> blackout hit the East Coast and Canada I had four (4) pounds of fresh Tuna for that evening's dinner. Helen was home, Gregory was a mile north, across the golf course at Buckley Day Camp, my parents and I believe my sister-in-law and one aunt were in the pool.

We had a pool party and no-one mentioned terrorist, but I knew.

Our power was restored early the next morning and all the food remained frozen in both freezers.

Purchasing meat and fish was extremely difficult because most stores were still without power.

I also had three full tanks of propane for the barbecue.

I know the Russians harvest U.S. email to the White House and that is why I use the fax.

I know Putin’s psychics keep telling him “George has a psychic.” “George has a psychic.”

I know President George W. Bush would like nothing better than a terrorist attack on foreign soil, so he can keep his “war on terror” on the front burner.

I knew my email to New York City would reach a higher level anti-terror analyst and I was following instructions from my father.

My August 19, 2003 email:

“September 17, 2003 will see an empire fall” is not an easy phrase to write with Empire State Building being considered a prime terrorist target, but I know the attack will occur in Italy.

I get the feeling they are upset in New York City and I am half-expecting someone to contact me.

I decide to send another email.

September 8, 2003 – Tuesday – Detective Alu and his partner come to my house, and said “we were returning from Suffolk Co and our Captain told us to stop by and ask how we could help. You sent the first email and everyone got nervous, and, as if you knew you sent a second email and everyone calmed down.”

I invited them into the backyard, we sat by the pool and I ask them “what empire is still stand?” “British, Ottoman...” were their answers.

I said “Have you ever heard the saying, when the Coliseum falls, Rome fall?” The little Jihadettes are still pissed-off about the Crusades.” “There is going to be a terrorist attack in Italy.”

I taught them a “love potion” and they were on their way.

September 9, 2003 – Wednesday – The cleaning lady calls me from the den and says “Frank, the FBI is here” and I ask her to “send them around the side to the pool.”

Two tall, thin, polyester assholes with attitudes enter and the dark haired one says “we have an email, September 17<sup>th</sup> will see an empire fall.”

“Guys, the NYPD Intelligence Division was here yesterday and they had both of my emails. Why does the NYPD have more information than the FBI?” was my pointed polite reply.

I sat them under the electrical transformer and made them crazy. They had absolutely no knowledge of my prior communications with the White House or New York City. They were not concerned about the Italian terrorist attack, saying “we have everything under control in Europe, Asia and the Middle East.”

“No wonder you hear so well” was Agent Ferrentino’s response when I told him my father was dead since I am one.

“If you ever contact the President again, we will come back and arrest you” were their final words.

They bothered my wife and my mother, who engaged them in a conference call with her nephews and they all agreed I was crazy.

Nationwide blackout hits Italy

Officials say power outage originated in France

ASSOCIATED PRESS

ROME, Sept. 28 — A massive blackout hit Italy on Sunday, cutting power to millions of people who woke up to find their phone lines silent and their televisions black, while drivers struggled through streets without traffic lights and trains remained stuck on the tracks.

Agents Ferrentino and Mudd hate being referred to as detectives.

My request for business cards was addressed to the tall, condescending agent that said "we have everything under control."

"My name is Harry Lord."

"Harry Mudd" came from my father instantly.

Harry Mudd is a Star Trek character that could not even control his "tribbles".

I had been working to control the data stream and the resulting overload by using my knowledge of intense graphics computers.

When the buffers fill and the system bogs down, it was easiest to reboot.

Dirty Buffer is more data than one needs.

"You ain't seen nothing yet" became a dreaded phrase.

The mechanical aspects of the invention are my domain, but, Marconi's knowledge would be extremely valuable.

Dominick Buffolino was my uncle and my Godfather and we lived in the same two family house in Briarwood, Queens, NY when I attended grammar and high school.

I began shooting rifles at the age of 10 and I was the only freshman at St. Francis Xavier to qualify with a perfect score on the rifle range according to Sgt. Dower.

Uncle Dom and I would reload and shoot a .22 caliber pistol in the basement and head to the Route 110 Rifle Range in Melville on Saturday or Sunday, depending on the weather and his flying lesson.

Uncle Dom was born in America and spent most of his youth in Italy with his mother.

Uncle Dom was a history buff and he would tell me stories while driving to and from the range and Republic Airport.

His Marconi story was repeated more often than any other.

Uncle Dom would tell me how Marconi had invented a machine that could shut-off all the power.

Marconi successfully tested his devise in Australia, realized the gravity of his invention and destroyed the machine and all the notes related to his invention.

If I heard the story once, I heard it twenty times and I can still hear Uncle Dom, but I have very good hearing.

Secretaries' Powell and Rumsfeld in coordination with Pentagon computer gurus will need to use me as a crude version of the videophone. They must ask the technical software questions required to keep our systems up, and catch the perpetrator of the attack.

You must decide ~IF~ my previous observations qualify me for this task.

Halloween evening EST will bring a six prong nuclear attach.

Six prong nuclear attack" and everyone stays away.

Being a "secret psychic" is a lonely situation, but Gregory and hockey keep me busy.

I am a patented inventor (US Patent 4,819,453) and there is one fact I can guarantee; if you invent a machine or process, with enough money and time I can reinvent anything you have created.

The KGB heard about Marconi's invention and devoted the resources to successfully duplicate his machine.

Marconi's invention utilized vacuum tubes because transistors were not invented until ten years after his death. Limiting the material list makes reinvention a simpler task.

It might look like nothing more than an antique radio.

Putin must be friends with Bruce.

Putin said “thirty-four more” when George was in Moscow and the nuclear suitcase was discovered in Virginia.

Michael Titorenko, my father-in-law and uncle to Raisa Titorenko Gorbachev, died in October 2002 and delivered his message just-in-time.

Putin was planning major blackouts around the world to give the appearance of an orchestrated terrorist attack and confirm the terrorist ability to hack into the grid.

Missiles targeting the Hoover and Grand Coulee Dam, Silicon Valley, San Diego and Dallas would escape their Vladivostok silos and devastate the western United States.

Putin would apologize profusely and allow American oil to drill his inaccessible oil reserves at a reduced rate to augment our loss of hydroelectric power.

I cringe at the thought of having to tell George “the only nukes in our country are under your control.”

The blackouts stopped, the Putin – Bush relationship ended and Cheney started screaming about Russia using oil and gas as a weapon.

**WASHINGTON (CNN) — An Egyptian radical will get \$27 million as a reward for giving the United States information that led authorities to alleged September 11, 2001, mastermind Khalid Shaikh Mohammed, government sources said Wednesday.**

The sources, confirming a story previously reported in a British paper and in Newsweek, said the unnamed Egyptian was captured during a raid in Quetta, Pakistan, last month. The Egyptian was described as an al Qaeda foot soldier.

Officials said he not only claimed the \$25 million award that was being offered by the U.S. government for information that led to Mohammed's arrest, but also demanded \$2 million more to help cover the costs of his family moving to Great Britain. He is being paid the money, the sources said.

Khalid Shaikh Mohammed was captured in Pakistan last month.

Gregory stays UP and makes a blocker save on Justin Eisner,,, Newsdays player of the year.

February 29<sup>th</sup> is the only day of the year a Psychic can issue an invoice and Kawai Fong will confirm receipt of my first invoice.

After releasing 12 Souls from her building at 595 Fifth Avenue, NYC and departing on February 25, 2000 I returned to NYC to visit Kawai and say Goodbye on February 29<sup>th</sup> and I had in my possession an invoice in the amount of \$1,000,000 for Parapsychology rendered, just in case.

Michael Bouffard greeted me in reception, took my hand, knelted in front of me and said "Kawai cannot see you anymore." I walked into the Rockefeller Center Post Office and shipped my invoice certified mail, return receipt requested.

The building remained empty and in August 2001 I marked my copy of the invoice "VOID" and paid a Notary to witness my signature and returned the invoice to Kawai.

Blanc de Chine's Press Release came within days of the returned invoice and announced 595 Fifth Avenue would be their flagship building.

9/11 forced the cancelation of that dream and the building remained empty until 2012.

## May 17, 2004 Annotation

I discover that two New York Bobcat hockey coaches, Phil Pheiganbaum and Santo Mackilouso were serving beer to fifteen and sixteen year old players in their hotel room at the Silver Sticks Tournament and I informed team owner Fred Schoenhut.

Fred told Commissioner Warren Burke and they tried to suspend my son, until I informed them we had not attended the tournament.

Commission Burke then tried to dismiss the matter but I continued to push and filed a complaint with Nassau County Judge Belfi of Matham High school fame.

He launched an investigation but could not act because Silver Sticks is in Pennsylvania.

Michael Balboni, head of the NYS Office of Public Safety and state liaison to the U.S. Department of Homeland Security received a copy of my complaint to Judge Belfi and sent it to the Bush administration.

Senator Balboni had previously asked my mother Antoinette LoMonte, executive director of the American Institute of Architects if I would consult with NYS Homeland Security, but George Bush told Governor Ptaki they were not allowed to speak to me.

I am the secret Psychic.

The IRS sent a letter about Federal Excise Tax for the fishing industry manufactures and my major supplier showed me the section of my invoice that stated they had paid the Federal Excise Tax.

Bill Chase of the Anglers Group then said "that's where the IRS looks when they are grasping at straws."

I never received a follow-up certified letter or any further correspondence after this May 17<sup>th</sup> letter.

My step-father Joseph LoMonte was an accountant and the IRS's actions were highly irregular. I should have received a Certified letter and then a visit if the letter went unanswered.

Mayor Bloomberg received this letter six or seven weeks after I received the IRS letter.

NEW YORK - A reported plot by al-Qaida terrorists to kill thousands of New Yorkers by spreading cyanide gas in the subway underscores the folly of a Homeland Security Department cutback of funds for major cities, a Democratic lawmaker said Sunday.

June 17, 2006 - U.S. authorities had intelligence that a team of Al Qaeda-linked terrorists had infiltrated the United States and planned a 2003 attack on the New York City subway system with homemade cyanide bombs, federal and local counter-terrorism officials have acknowledged to NEWSWEEK. But the officials say the plot was called off at the last minute by Al Qaeda's Ayman al-Zawahiri-for reasons that remain unclear.

9/11 by Sea!!! New York will cease to exist.

This shit will not stop until we shove a videophone up everyone's ass.

In the spirit of survival I am making one final offer.

You and George are welcome to meet with me prior to June 21<sup>st</sup>, at which time I will offer Leon Tempelman the opportunity to place Hillary a-heart-beat-away.

George will lose the election on his own merits and nothing I have done will be made public as long as he is President. Hopefully never.

Maurice and Leon have known of the videophone via Jack Welsh since 2000 and they know ~IF~ I say I can deliver,,, WE deliver.

~IF~ George neglected to mention Nukes-to-the-Sun, all you need to know is, it is a safe and reliable propulsion system that will deliver all of our nuclear waste to the ultimate receptacle. It will be the first non-strategic byproduct of the videophone.

Our contract expired in 2002 and they still pay my royalty.

What have they known?

I've tried my best.

It is one of the most heavily-guarded checkpoints on the border between Israel and the Gaza strip. Security is so tight at Karni that goods are transferred from trucks parked back-to-back to prevent smuggling.

But despite those precautions, a truck carrying two suicide bombers left the border crossing into Israel at about 2 o'clock in the afternoon of March

Will you be my running mate for the position of Vice-President of the United States?

"Frank, if people knew you were running the government from your basement in Manhasset Hills, they would shit in their pants." Robert Ceisler – Homicide ADA – Queens, NY – August 2002

Are you willing to do what is \*Best for All the Kids\*?

Sincerely,

Frank McNamara

## October 30, 2007 Annotation

Robert Ceisler made his statement in the summer of 2003 during a visit to borrow money from my father to pay an internal D.A. fine for working with a civil client.

Mayor Bloomberg was visited by Presidential hopeful Senator John McCain prior to selecting Governor Sara Palin as his running mate.

Senator Barak Obama visited Mayor Bloomberg prior to Senator Joseph Biden becoming his running mate.

I offered him the Vice President's position first.

Vladimir Putin has returned and he is waiting for an opportunity to gain the upper hand in world affairs.

My letter was mailed to Mayor Bloomberg's apartment and I received a call from NYPD Detective Bassora.

The USPS Express Mail receipt date October 29, 2007 is ET718529203US

He provided contact information and direct all correspondence be shipped directly to him for security reasons.

His demeanor was "condescending."

"I foresee no reason to ever contact the Mayor" was my final statement and seven years later the Mayor and I have never met despite attending a few of the same functions.

September 18<sup>th</sup> DOW 52 week LOW of 10,403.75 caused you, Ben and George to scream "Federal Bailout" and lowered my prediction average to 0.9996395530457767...

Arnold is my oyster and every seven years, with constant aggravation he produces a gem quality pearl.

I live to make friend and former neighbor Arnold Hanfling crazy because he strives to be perfect in every way and I love to watch his pressure rise.

He has the degrees, he has the resume and he even has the "look."

I attempted to fact check Arnold's resume on March 13, 2015 at 2:37pm, when he called me.

Arnold said "if they know, they know me."

I am almost certain Arnold has an MBA from NYU.

I know he made his bones at the then powerful Citibank early in his career and ultimately secured a position with Estee Lauder which required visiting every Estee Lauder facility on the planet and informing them about the details of their pension funds.

I told Arnold my prediction because he is the only person with credentials crazy enough to listen to me.

Mr. President:

The next terrorist attack will require two (2) matching keys and emanate from the center of our country.

Ingred Karen Stauss-Schry should be recognized for her dedication and persistence.

Farewell.

Members of our military were angry about our loss of momentum and resolve to hunt the enemy no matter where the path leads and two of them were going to take matters into their own hands.

Vladimir Putin would have been justified in launching a full scale retaliatory strike, just as George had threatened on October 30, 2004.

Withholding Dick's prediction made his heart skip a beat and they let me know they got the message.

It took 11 years for me to unravel the mystery of the keys.

Doctors found recurrence of abnormal rhythm, White House says

msnbc.com staff and news service reports

updated 4:48 p.m. ET, Wed., Oct. 15, 2008

WASHINGTON - Vice President Dick Cheney on Wednesday left a D.C. hospital after an outpatient procedure to restore his normal heart rhythm following a recurrence of atrial fibrillation, the White House said.

A spokeswoman said the procedure — an electric shock administered at the hospital — went smoothly and without complication. Cheney spent the morning at the White House before the procedure. He was now home and ready to resume his normal schedule.

"During a visit with his doctors this morning, it was discovered that the vice president is experiencing a recurrence of atrial fibrillation, an abnormal rhythm involving the upper chambers of the heart," his office said in a statement.

"The vice president will visit George Washington University Hospital for an outpatient procedure to restore his normal rhythm," it added.

Cheney told President Bush of his condition. The president responded "like he would with any friend," said spokesman Tony Fratto, by wishing the vice president well and telling him to "go and make sure the doctors do what they need to do."

Later, in Ada, Mich., Bush told reporters he is confident Cheney is "going to be fine."

## IT WAS ARSON

Antoinette LoMonte would have been arrested for child abuse if she had not been so far ahead of the curve.

Antoinette LoMonte would have been arrested for stealing hotel furnishings if she had been caught by security instead of housekeeping.

Antoinette LoMonte should have been arrested for insurance fraud when she accepted a check for the repair of my Firebird after having it crushed and then reporting it stolen and collected another check in 1974.

Antoinette LoMonte was never suspected of setting fire to Cards and Stuff, 617 Willis Avenue, Williston Park. She smoked Salem 100's and used the Dirty Dozen's five minute delay fuse. IT WAS ARSON in 1976.

Antoinette LoMonte was arrested and convicted for conspiracy to bribe an IRS agent in 1978.

Antoinette LoMonte should be arrested for spousal abuse and the Nassau County PD and EMS should be investigated for failing to "connect the dots",

## March 3, 2010 Annotation

President Obama stood at the podium and firmly and forcefully said "we failed to connect the dots" after the capture of the Christmas Underwear Bomber.

I faxed him a copy of my 2009 prediction stating the "stock market will drop ...after a holiday terrorist attack."

My January 7, 2010 letter ended with:

"In the only email ever sent from mcnamarafrank@hotmail.com to president@whitehouse.gov in late October 2001 I asked President Bush "haven't you guys ever played connect the dots."

"I think you should get some original material."

President Obama immediately removed "connect the dots" from the White House lexicon.

Truth and Justice will be the American way again.

My mother taught me well.
